

Ether S Chandelier

Patrick Jouin, 2007

Designed by the creative genius Patrick Jouin, Ether is one of the most stunning and mesmerizing designs in the Leucos Icon Collection. Ether is light and airy yet creates mesmerizing visual impact. It is composed of fields of three sizes of glass elements, each hand made and uniquely dimpled so that no two are alike. The result is an ether of shimmering glass and light that will dazzle and delight. Used in world famous projects such as the Van Cleef & Arpels in Paris, France, Ether is available in 3 standard sizes (Ether S, Ether S 90 and Ether S 150) but can be customized into any size, finish or configuration (we've done projects that fill entire rooms or have been up to 90 feet in height).

Diffuser/Structure Finish:

Transparent/Polished Steel

SKU(s):

0010071 Ether Chandelier

Family Includes:

Ether Chandelier
