

JJ Great TR Floor Lamp, Indoor Leucos Design Lab, 2005 (Updated 2020)

Heir to the original Jac Jacobsen L-1 architect lamp (1937) produced by Luxit, the JJ Collection (JJ are the initials of Jac Jacobsen) creates an unprecedented freedom of movement with perfect balance thanks to its patented 4 spring mechanism. Its 2-arm pantograph geometry maintains the same diffuser incline throughout any movement and allows for optimal angles/positioning of the light. In a clever play on scale, a maxi version of the original desk lamp was created in 2005 and called The Great 1. In 2020, Leucos updated this lamp to be called the JJ Great Floor Lamp, added a user replaceable integrated LED (up to 5600 lumens with the option of Casambi Wireless Dimming via a smart phone app) and is available as an indoor or outdoor version in 6 standard colors. Custom colors upon request with no minimum order quantity.

Diffuser/Structure Finish Options:

- White
- Black
- Amaranth Red
- Mica Blue
- Sablé Gray
- Rust Brown
- Custom colors available with no minimum order quantity
