

# RADIAL CLUSTER CANOPY 33 - INDOOR

Leucos Design Lab, 2025

|                     |                                                                                                |
|---------------------|------------------------------------------------------------------------------------------------|
| TECHNICAL SHEET     |                                                                                                |
| MATERIALS           | Metal                                                                                          |
| DIMENSIONS          | [Ø12" H2 1/4"] Ø33cm H5,7cm                                                                    |
| LIGHT SOURCE        | 24V                                                                                            |
| DIMMING<br>PROTOCOL | 0/1-10V<br>On-Off                                                                              |
| MARKING             | DRY LOCATION  |
| NET WEIGHT          | 10 lbs                                                                                         |

## CONFIGURATION CANOPY + ITEMS

| Dimming Protocol | Driver quantity (included)    | Watt                 |
|------------------|-------------------------------|----------------------|
| 0/1-10V          | 2*                            | 54W + 54W (108W)     |
| On-Off           | 2*                            | 86,5W + 86,5W (173W) |
| NOTE             | *Each driver works separately |                      |

## LAMPS (MAX 12 ELEMENTS)

| ITEMS            | LIGHT SOURCE (W) |
|------------------|------------------|
| Stacking S 30 V  | 6,25             |
| Stacking S 60 V  | 13,7             |
| Stacking S 90 V  | 21,25            |
| Stacking S 120 H | 28,75            |
| Stacking S 180 H | 43,75            |

|                |  |
