

3517 S 82 Pendant

Leucos Design Labs, 1992

Designed in 1992 by Leucos, the 3517 Chandelier is a nod to historic Murano glass design while remaining decisively modern and current. The glass is hand-blown in the Veneto region of Italy by *Maestros* that train in Murano glass traditions for years to be able to create the quality and perfection of this piece. Subtle ribbing in the glass and gold metal highlights gives it an extra sparkle and rich visual interest. The 3517 pendant family is available in 2 size configurations (S 82 and S 108) to create a variety of visual intrigue and to accommodate various ceiling heights.
