Aella Thin T LED Table Lamp

Toso & Massari, 2017

Aella (1968) remains one of the icons of Leucos, representing our vision to bring a fresh, contemporary point of view to traditional hand-blown glass techniques. As a Maestro from the Veneto region of Italy hand blows Aella, they create a stunning cone of glass frozen in its diffuser. As if by magic, a vortex of light appears to float inside this glass cone when lite up and beautifully illuminates your space. Toso & Massari's design inspiration was Aella (the Ancient Greek word for "whirlwind"), who was the first Amazon warrior princess bold enough to lunge at Heracles. Aella has recently been updated by the original designers to included LED options, table and suspension versions as well as different size, shape and color profiles.
