

Golf P Wall Lamp

Toso & Massari, 1992

The Golf Wall Lamp is a whimsical, bestselling design from the historic Leucos Design Collection. Designed by Toso & Massari, Golf Wall lamp is hand-blown with a diffuser that is made of multiple layers of glass to create a rich look by using a traditional Murano hand-blown glass technique called *incamiciato* (Italian for “jacketed” or “layered”), which requires multiple layers of glass during the blowing process to create a beautiful stain white with perfect diffusion. The Golf Wall Lamp has been updated to include an Integrated LED option in addition to the standard incandescent version.
