Loop-Line PL 60 LED Ceiling Lamp

Toso, Massari & Associates With G. Toso, 2011

The Loop-Line Collection was designed by Toso, Massari & Associates with G. Toso in 2011. Loop-Line's diffuser is sculpted into beautiful concentric circles with a traditional Murano hand-blown glass technique called *incamiciato* (Italian for "jacketed" or "layered"), which requires multiple layers of glass during the blowing process. This tedious handmade technique pays off brilliantly as Loop-Line gives off perfectly diffused light from its simple and graceful satin white hand-blown diffuser. The result is a dynamic fixture that is perfect for residential, hospitality or contract applications. The Loop-Line collection includes a 60 cm ceiling lamp and a 32 cm ceiling/wall lamp.
