

Fairy G Multipoint Pendant, D3

Toso, Massari & Associates With G. Toso, 2009

Fairy (2009) is a clever design made from a simple borosilicate shape that folds into itself to create a beautiful ribbed core. Fairy was updated in 2017 to include four new metallic color options, which fade levels of transparency to create dazzling lighting effects as the light from the inner tube reflects off itself—creating dynamic light echoes and halos. These lighting effects change and morph as you look at Fairy from different angles. Fairy is customizable as a multipoint pendant: unleash your imagination to combine fairy elements to create brilliant floating clusters of 1,3,5,10,15,20 or 25 sure to enchant.

Diffuser Options: Fading Chrome, Fading Gold, Fading Gunmetal, Fading Rose Gold, Transparent

Structure Options: Chrome

Size Options: 3 Fairy shapes in 1,3 and 5 multipoint systems

Notes:
Custom configurations available

Dimensions:

Width: 7.1in/18cm
Depth: 7.1in/18cm
Height: 4.3in/11cm

Weights

Item: 6.4lbs
Gross: 13lbs
Parcels: 4
Volume: 3.5

Certifications:

GU4 version is ETL certified

Lamping Option 1: GU4 Socket

Recommended Bulb: 3x GU4 4W Retrofit LED Bulb or 3x GU4 35W Incandescent or Halogen Bulb

Dimming Protocol: Phase Cut

Voltage: 120 V

Lamping Option 2: Integrated LED

3x 3.2W 3000K >80 CRI Integrated LEDs (1140 Lumen Output)

Dimming Protocol: Trailing and Leading Edge Phase Cut

Max Lumens: 1140

Voltage: 120 V

SKUs: 0003272, 0009648, 0009649, 0009647, 0009650, 0009651

Made in Italy
