

Stone Wall/Ceiling

Leucos Design Lab, 2006

Stone was designed in 2006 by Leucos Design Lab to provide a handblown glass wall or ceiling lamp that captures the beautiful and unique shape of a smooth stone. This form lets Stone be used as a standalone light or in sets that create an interesting play of angles and shapes against each other, like stones on a beautiful beach. Stone is made with a traditional Murano handblown glass technique called *incamiciato* (Italian for "jacketed" or "layered"), which requires multiple layers of glass during the blowing process and results in a smooth satin white finish and a beautiful diffused light.

Diffuser Options: Satin White

Structure Options: White

Dimensions:

Width: 14.6in/37cm
Depth: 5.3in/13.5cm
Height: 16.9in/43cm

Weights

Item: 8.8lbs
Gross: 11lbs
Parcels: 1
Volume: 2.5

E26 Socket

Recommended Bulb: 2x E26 15W
Retrofit LED Bulb or 2x E26 60W Incandescent or Halogen Bulb

Dimming Protocol: Phase Cut

Voltage: 120 V

-

SKUs: 0002685

Made in Italy
